

# SHPE

## MISSION

SHPE changes lives by empowering the Hispanic community to realize its fullest potential and to impact the world through STEM awareness, access, support and development.

## HISTORY

The Society of Hispanic Professional Engineers (SHPE) was founded in Los Angeles, California, in 1974 by a group of engineers employed by the city of Los Angeles. Their objective was to form a national organization of professional engineers to serve as role models in the Hispanic community. The concept of Networking was the key basis for the organization. SHPE quickly established two student chapters to begin the network that would grow to encompass the nation as well as reach countries outside the United States. Today, SHPE enjoys a strong but independent network of professional and student chapters throughout the nation.

## South Bay Los Angeles

[www.SHPESouthBay.org](http://www.SHPESouthBay.org)

## CHAPTER HISTORY

SHPE South Bay was created with the idea of developing an influential network of professionals in the Los Angeles area. A need for a SHPE Professional Chapter arose from local SHPE Student Chapters requesting a professional presence to further enhance SHPE's vision and mission. During the summer of 2013, a group of recent graduates, along with professionals already in industry, formulated what would be known as SHPE South Bay Los Angeles.

## MISSION

SHPE South Bay Los Angeles inspires and empowers the advancement of the Latino community through STEM awareness, access, and support.

## VISION

A world where Latinos are united as a community and are respected as influential STEM leaders.
